The County Convention.

Pursuant to call of State Central Democratic Committee the Democrats of Powell county met at the Court House at Stanton on June 6th, 1908, when M. R. Lyle, county chairman, was made permanent chairman, and Luther Loving secretary.

On motion J. H. O'Rear was elected chairman of the county committee, and V. B. Atkinson, secretary, with T. B. Ware, committeeman precinct No. 1; P. L. Faulkner, precinct No. 2; J. M. Buchanan, precinct No. 3; Wm. Bowen, Jr., precinct No. 4; A. P. Johnson, precinct No. 5; R. T. Kennon, precinct No. 6; W. B. Congleton precinct No. 7.

The following were named as delegates from this convention to the State convention to be held at Lexington, Ky. on June 11, 1908: A. P. Johnson, John D. Atkinson, J. E. Burgher, T. B. Ware, Wm. Bowen, Jr., M. A. Phillips, P. L. Faulkner, J. S. Ewen, V. B. Atkinson, D. R. Daniel, G. M. Derickson, Luther Loving, R. Jackson, J. H. O'Rear, J. M. Kennon, H. C. Warmouth, S. D. Rose, C. Shimfessel.

Resolutions were adopted instructing said delegates to vote in said convention for the Hon. J. B. LeCreary and J. C. W. Beckham as two of the delegates at large for the state of Kentucky to the national convention; and that said delegates vote for Hon. F. A. Lyon, of Lee county as a member of the State Central Committee from the 10 Congressional District of Kentucky and to vote as a unit on all questions arising in said convention.

Resolved, that we endorse the action of the Democratic party in Kentucky in its efforts in the last campaign, and also endorse the candidacy of the Hon. W. J. Bryan for the Presidency of the United States.

Luther Loving, Secretary.
M. R. Lyle, Chairman.

Candidates Troubles.

Dear freinds, remember and do not "guy" the poor candidate. He may wear a bright smile and grasp your hand with the grip of a drowning man seizing a grapevine, but his soul is full of trouble and his nights full of wakefulness. He has taken one voting box after another and allotted his opponents all that should be coming to them and has left himself a safe majority, but in the wee sma' hours of the night, when there is nothing to distract your attention, those figures have a horrible habit of becoming "pied" and dancing before his vision in any but a reassuring manner.

Dr. S. P. Hammons, assistant of Dr. C. B. Dixon, of Jackson, is located at the Red River Hotel for few days only where he is prepared to do all kinds of dental work at reasonable price. All work guaranteed.

Swindler Arrested.

Oscar Benton, a young man of twenty years, was last week arrested at Irvrre on the charge of forgery. He is the fellow who about two months ago succeeded in getting money on bogus checks from the Beattyville bank and also from the Richmond banks. He is the one that visited Clay City a short time ago and deposited a lot of forged checks at the Clay City National Bank for collection, and then put up a most plausible excuse to draw \$50 00 immediate cash on this account. Cashier Whitt however, deferred the payment of this amount of money until he wired the Beattyville Bank on which these checks were drawn to confirm their correctness. When the reply came the slicker was gone and the officers missed him.

Hard Time on Shows.

The Jones Enormous Shows gave two performances here Monday. The attendance was not very large, but the country people were too busy to come to town. The manager of the show says that he has met with the same fate everywhere he has gone this season. He says all other shows are in the same plight. He attributes it all to the severe panic, and says if things do not improve the most of the shows will be off the road or suffer thousands of dollars loss this season.

Success often depends upon utilizing the mistakes of others.

Enjoins Collection of Tax.

Seeking to enjoin the collection of an alleged illegal tax levied for the purpose of erecting a new school building in the North Bend district, Wingate Anderson and six other taxpayers have filed an action in the Powell Circuit Court against Hugh Johnson James French, trustees of said district, and J. M. Kennon, Sheriff of Powell County. This is an unusual suit. Many technical questions of law will be presented on both sides. A motion for temporary injunction will be made before Circuit Judge Benton in Stanton on Monday, June 15, 1908. Attorneys C. F. Spencer, of Winchester and Roscoe Conklin Welch, of Stanton, represent the plaintiffs.

If you need a tooth pulled without pain see Dr. S. P. Hammon at the Red River Hotel for few days only.

Mica in Powell.

Wm. McIntosh of this city, has brought to this office some specimens of mica which he found on land about one mile from Clay City. The sample looks to us like the genuine. Mr. McIntosh has found several traces of this mineral in Estill county also, and hopes at some future date to be able to develop some valuable mines of this mineral. We hope Mr. McIntosh is on the right track for something that will help build up this country. The taking away of our timber has only helped to build it down, so we would now like to see something of a more permanent nature.

Have that new set of teeth made now while you can get the work done at home. See Dr. Hammons at the Red River Hotel for ten days only.

ANNOUNCEMENTS.

For Congress.

We are authorized to announce A. FLOYD BYRD as a candidate for Congress from the Tenth Congressional District, subject to the action of the Democratic party.

For County Clerk.

We are authorized to announce CHAS. EWEN candidate for County Court Clerk, subject to the action of the Democratic party.

For Jailor.

We are authorized to announce JOHN P. GAYLORD candidate for Jailor, subject to the action of the Democratic party.

That Jackson Federal Court.

The Republican party in the Tenth Congressional district takes much honor unto itself, and bestows much praise upon John W. Langley our Republican Congressman for the establishment of a Federal court at Jackson. It does seem that Langley is an unusually slick creature. The people of this part of the district do not know what it is to be beaten out of their homes that they have improved, bought and paid for, but in Breathitt and nearly all the mountain counties the land owners are being molested daily by Eastern capitalists who have dug up what they call old land grants, and are endeavoring to swindle the natives out of their possessions. They have brought suit in many cases in the Circuit courts of their districts and these cases have gone to the court of Appeals and all been decided in favor of the occupier of the land, basing the claim that fifteen years peaceable possession makes a clear title even though it was sincerely deficient at the beginning.

Langley, it is now claimed by many of these people, worked in the interest of the capitalists in getting the Federal court at Jackson, so they could be sued there in the Federal court instead of the State court, and under some interstate technical point beat the citizens out of their land, the homes which they and their ancestry had spent all they could earn to improve. Thus you see Langley in getting the Federal court for Jackson was working in the interest of the holders of the land patents and not really in the interest of the masses of the people.

Many of the people of Breathitt and other counties concerned are just now finding out of the club Langley has furnished the enemy, and it is claimed they are up in open arms against the schemer who has posed as their friend and that Floyd Byrd will beat Langley by one of the best of the old time Democratic majorities.

The question now is with the people of the mountain portion of the district, what was the real

motive of Langley in getting this Federal court. The intent begins to look very bad for the Congressman.

Reward for a Reason.

The Republican Congressional Committee offers a reward of \$150.00 for the best article not exceeding 1,000 words giving a reason "Why the Republican Party Should be Successful Next November."

If the Committee finds a pretended reason at all it will have to increase its reward, as few shrewd writers will write upon false subjects these days unless the compensation runs up close to the thousand mark, and none but a very shrewd writer could possibly manufacture an apparent reason for such a thing.

If the Federal office holders cannot find a reason "Why the Republican Party Should be Successful Next November," the case is gone anyway. Not that these office holders embrace the best imaginary reasoning talent, but they have so much at stake.

The only reason why they should restrict the article to 1,000 words seems to be that that is the limit of understanding with the majority of the party in some sections of the southern half of the country.

The Democrats at Stanton Saturday made a wise selection in picking the County Committee. A better selection, in fact, could not have been made for any of the positions than was made. J. H. O'Rear, of this city who was made chairman is a hustler in politics and when the time comes he will show his party how to do things. Morgan Lyle, the retiring Chairman has filled the position well and many thanks are due him from every member of the party in the county.

With the new committee at the wheel and all hands of the party up and united, the Democrats hope to carry the county this fall by two hundred majority or more. They should ever keep in mind Kentucky's motto: "United we Stand, Divided we Fall."

Willson's Precedents.

The Winchester Democrat says: "It is pretty tough on Taylor for Governor Willson to attempt to justify his sending soldiers into counties without the request of the civil authorities by pointing to the fact that Taylor did it when Goebel was assassinated. Taylor did that to protect the assassins that Willson is now called upon by his party to pardon, and if Willson is looking to Taylor's administration for precedents he ought to find a precedent for pardoning Powers for Taylor did it."

Epe Lillard, who expressed so much love for the Democratic party last winter in the Legislature, when he cast his vote for Bradley for U. S. Senator, like the other three traitor Democrats who also did likewise, will be conspicuously missing at the State Democratic convention at Lexington to-day, unless Governor Willson decides to send a detachment of soldiers there under Lillard's command.

Prohibition must prohibit in Kansas where thirty-five of the one-hundred and five counties of the state have no jails and thirty-seven have no criminal cases on docket at the present time. Forty-one counties are without a single pauper and twenty-five have no poor houses. This is a

result of a number of years of prohibition rule.

The result of Saturday's county convention has foretold two of the delegates at large from Kentucky—Senator McCreary and Governor Beckham. There are plenty of material to select the other two from and the only question is which two from so great a number shall receive the honors.

The Times is almost daily receiving compliments from prominent citizens of the county, who say, "it is one of the soundest and best local papers published." The publisher doubly appreciates the compliments, because it is Powell county that has the paper, and because the property is our own.

The City Council seems very slow to meet again. Besides the regular June meeting there has been three adjourned meetings without a quorum. It may be necessary to have another teacher elected to get the tension high enough to get a quorum once more.

Bradley says he will support the Republican ticket and continue in that party, but he says he can't promise this of every Republican in the State. It will take such men as Bradley but a little while to drive all the good men from any party. May he never cease to dwell with them.

Did you ever see a calmer or more harmonious convention than was held at Stanton Saturday. A small dose of Republicanism makes us all be good for awhile.

Since Gov. Willson has been elected he looks and reminds us of a little boy with his first pair of new "galluses."

The Supreme Court of Kentucky decides that the "market value" of land sought to be condemned for public purposes, such as roads, is that sum which the owner who desired to sell, but was not compelled so to do, would take for it, in its present condition, and what a purchaser who desired to buy, but was not compelled to have it, would give for it under the circumstances.

THIS GLORIOUS GOLDEN CLOCK FREE

for a few minutes of your time. No one who has a home to live in can afford to miss this truly **GOLDEN OPPORTUNITY**

POSITIVELY GUARANTEED

Not to Tarnish, and to Keep Time for Ten Years.

To secure **FREE** of charge a Clock, the most important thing in the home. And such a Clock, too! **BEAUTIFUL GOLD AND GUARANTEED FOR TEN YEARS.**

READ EVERY WORD OF THIS GREAT OFFER

To get this beautiful Clock **FREE** is the simplest thing in the world. All you have to do is write me a postal card and say you want to get it. I will then send you by mail, prepaid, a carefully wrapped package of handsome portraits of George Washington, and ask you to show them to your neighbors.

These portraits are copies of the best known painting of the first President of the United States, and are different from and handsomer than any picture of the kind you ever saw.

This is just the picture for the dining-room or sitting room, and, because the very name George Washington strengthens the love of home and country in old and young alike, everybody will want one of them and will be glad to pay for it on the liberal proposition I will authorize you to make. You only have to collect \$5 in this way to make this Glorious Clock yours forever.

TWO EXTRA GIFTS

TWO BEAUTIFUL EXTRA GIFTS

In addition to the Clock I have two other lovely presents which I will give you—two more handsome ornaments which anyone who loves a pretty home will be delighted with. One of these gifts I will send to you **FREE** AND **PREPAID** as soon as I receive the postal card with your name on it. The other one I will give to you just for being prompt in following my instructions. I will tell you all about the second extra gift, when I send the first one, which I will do as soon as I hear from you, so **HURRY UP.**

YOU TAKE NO CHANCES in writing to me, because, if the Clock does not prove to be even better than I have described it, and if it does not delight you in every way, you may send it back and I will pay you handsomely in cash for your trouble. Also, if you get sick or for any other reason fail to collect all of the \$5, I will pay you well for what you do. So you see, **YOU CAN'T LOSE**, so sit right down and write to me as follows: "D. R. OSBORNE, Manager, Nashville, Tenn. Please send me the portraits of George Washington and complete outfit for earning the Glorious Golden Clock, with the understanding that this does not bind me to pay you one cent." Then put your name and address.

LETTERS FROM USERS OF THE Syracuse "EASY" Washer

"Your machine is a complete success. I learned more about washing out of your little booklet than I ever would have from all the women you could stand in a row. I have been paying \$1.25 a week for washing when I can do the same in two hours with the 'EASY'."

"We have tried the 'EASY' and find it just as you represent it and the only washer I ever saw that does the washing clean without rubbing on the board. It is easy to work and does the washing thoroughly. It certainly has no equal."

Make the washing easy for one-twelfth of the year at our expense. Wash everything washable in the house. If you cannot make the 'EASY' earn its price during the house-cleaning season return it at our expense.

Pages 26-27 of our free book on Washing Formulas give you valuable information on washing flannels.
